Welcome to **Nationwide Membership**. Now your Shasta Family YMCA membership means you can visit participating Ys across the country for up to 28 days with one simple check-in process.

Ys across the nation now have access to a shared database where they can look you up by name and see if you have an active membership at your home base Y. If so, you will be granted access at the visiting Y up to 28 days at no charge. On your initial visit under the Nationwide Membership you will be asked to sign an electronic waiver. You only have to do this once. If you wish, you may sign it ahead of time at our Y. Questions, please see Member Services for details.
