Medical and Health Procedures

Medical and Emergency Procedure:

You will be notified in writing of any injury through an accident report. Parents will be notified by phone immediately for any and all head injuries.

Minor Injuries:

- Staff will administer necessary first aid and notify parents when they pick up the child from camp.
- If the staff member is in doubt of the seriousness of the injury, the parents will be notified for further instructions.

Serious Injuries:

- One staff member will call EMS then make contact with parents or other authorized person.
- A second staff member will administer first aid until the ambulance arrives.

Mandated Reporters:

If staff suspects that a child is being abused in any way (physically, sexually, emotionally), we are required by the State of California, Education Code #11166, to file a report with Child and Family Services. We are not required to notify the parent or guardian prior to, or after, the report has been made.

Health, Medication and Accident Policies:

It is our intention to prevent the spread of infections and illness to other children. If the staff becomes aware of a condition involving a child who may be contagious or unhealthy to any of the other participants, it will be brought to the parent's attention and the child must be taken home and may not return to the program until symptom free for at least 24 hours.

Medicine Policy:

Please DO NOT send any medication, which is not absolutely necessary. Medicine may be given if needed for ambulatory illnesses only. Medicine must be accompanied by a signed **Request for Medication Form** filled out by a licensed physician and signed by the parent containing the following:

- Date
- Name of child
- Name of medicine
- Amount to be given
- Time of day to be given and how often
- Number of days to be given

All Medication is stored and administered by a staff person, witnessed by another staff person, and documented. Medication must arrive in the original container from the pharmacy and the information should agree with that given by the doctor as stated on the **Request for Medication Form**. All medications can only be administered with specific written instructions from the physician and signed written permission from the parent/guardian. This is in compliance with California Education Code #49423.

Respectful Behavior and Rights

Personal Rights

Each child shall have personal rights, including:

Dignity in personal relationships with staff.

A safe, healthy comfortable environment.

To be free from corporal punishment.

To be informed (or have parents informed) of the mechanism for complaints.

Behavior Management Procedures

It is our goal to provide a healthy, safe, and secure environment for all Y program participants. The YMCA teaches the core values of caring, honesty, respect, and responsibility. Children attending the program are expected to follow the behavior guidelines and interact appropriately in a group setting.

Program Behavior Guidelines

We will **CARE** for ourselves and those around us. **HONESTY** is the basis for all relationships and interactions.

RESPECT each other and the environment. People are **RESPONSIBLE** for their own actions.

We take great pride in joining you in guiding your children to become successful and happy individuals who are learning to independently get along with others. We work towards this goal through the following:

- **Role Modeling:** Effectively exemplifying good qualities needed for acceptance in a group.
- **Positive Reinforcement:** To encourage repetition of good behavior.
- **Redirection:** Removing the child from a negative situation and involving the child in a more acceptable positive activity. If deemed necessary for the safety of your child and others, the YMCA staff has permission to restrain and/or physically remove a child from an unsafe situation. Parents will be notified if this circumstance occurs.
- **Reinforcing Problem Solving Skills:** Such as predicting consequences, settling disagreements without aggressiveness, and thinking about the feelings of others.
- **Logical Consequences:** The removal of privileges when appropriate. No corporal punishment is allowed.

When and if these procedures do not result in a positive change of behavior, suspension of the child may occur. With these positive working strategies, the child is hopefully able to realize that negative behavior is ultimately non-productive.

The safety of all enrolled children is our primary goal. Extreme behavior problems may require individualized behavior contracts, meetings with parents, suspension and/or alternative placement.

Field Trip Behavior Policy

To ensure safety of children on field trips, the following policies will be enforced:

- Students displaying disruptive behavior will be given one warning and redirected.
- If disruptive behavior continues, the parents will be called to pick up the child and the child may not be allowed to attend the next outing. The consequence for the disruptive behavior is left up to the discretion of the YMCA camp staff based on the severity of the behavior and the location of the field trip.
- If disruptive behavior continues on the next field trip in which the child participates, the child will not be permitted on any future trips. Alternate child care may not be available at the camp site when the group is away.

Disruptive behavior is behavior that has a negative effect on the group of program, or act or actions dangerous to self or others. It is vital that children are well-behaved for their safety and the group's safety, especially when the group is on a trip.

Field Trip Policies

- All children need a signed permission form in order to participate in trips off campus.
- Children must be at camp prior to the trip departure time for proper preparation.
- No children may be dropped off or picked up from the group while they are in route to and from trip designation.
- For the safety of the group, drop off or pick up may only occur at Camp or at the location of the field trip designation.

Visitation, Pick-up, Dress Code and Safety

Visitation Policies

All YMCA programs have an OPEN DOOR parent visitation policy; parents may visit at any time. However, care must be taken so that the parent doesn't interfere with implementation of the program. Parents must remember that when at the YMCA site, our program is governed by the State Department of Education and the following behaviors will not be tolerated:

- Inappropriate behavior or language.
- Use or evidence of the use of drugs, alcohol, or tobacco products.
- Display of rude or disrespectful conduct directed to staff or children.
- Use or threat of corporal punishment towards children.

Dress Code

Children should arrive dressed appropriately for a fun and safe day at camp. NO spaghetti straps, bare mid-drifts, flip flops, backless shoes or stacked heels/platform shoes. One piece swim suits are required. Water shoes may be worn for water play, but not for regular camp activity or field trips.

Pick-up Policy

Always have **photo identification** with you. Be prepared to show your ID at any time. For your child's safety, it is required that each person authorized to pick up your child from camp must be 18 years or older and be listed on the enrollment form. We do not release your child into the care of anyone, who is not authorized, without contacting you first. We will ask for identification of all newly authorized persons and any authorized person who is unfamiliar to the staff on duty. Parents are to walk their children into the camp and sign them in upon arrival and out upon leaving.

Court Orders and Custody Issues

State law mandates that a child must be released to either parent regardless of custody arrangements. The ONLY exception is when a current court order or restraining order stating a parent may not have custody is in our possession. If there are no court papers stating otherwise, either parent may send a representative to pick up the child. Only individuals listed on the emergency form or by special written or verbal permission may pick up a child from camp.

Concerns for Safety

The Y, above all, is concerned for the safety of every child in the program. If the YMCA staff has reason for concern regarding the safety of a child's release to a parent or other adult, the staff may call the law enforcement and/or Children and Family Services. Cause for this course of action includes:

- Parent/Adult suspected to be "under the influence" of drugs or alcohol.
- Parent/Adult is abusive or threatening to child, staff or others.

If deemed necessary for the safety of your child and others, the Y staff has permission to restrain and/or physically remove a child from an unsafe situation. Parents will be notified if this circumstance occurs.
