

Should You Invest in Your YMCA?

Our community is being asked to consider a financial investment in your Shasta Family YMCA. As with any gift, it is a personal decision. The question each of us must consider is:

How important is our YMCA to me, my friends and our community?

A Gift Over Time

If you share our belief in your YMCA, then the gift which reflects your interest and financial capability will be deeply appreciated.

Generally, extending a gift over time enables us to be more generous than if we make a one-time donation. So, we encourage you to consider a pledge that can be spread over a years time. Here are some examples of extended gifts.
