

Financial Assistance

The objective of YMCA Financial Assistance is to give individuals, families and children the opportunity to participate in all that the YMCA has to offer. Funds are provided through our annual Strong Kids Campaign. Assistance is available to those who qualify.

YMCA Financial assistance is a sliding-fee scale program, based on total household income and number of people in the home. This assistance can reduce the cost of membership and some on-site youth programs up to 40%, as well as reduce YMCA Afterschool Child Care and Summer Day Camp programs up to 20%. It is our intent that all individuals contribute toward the membership and/or program fees.

All applications are kept confidential.

Procedure:

1. Request an application from the Shasta Family YMCA Front Desk;
2. Fill out and submit a YMCA Financial Assistance Application with required income verification;
3. Allow 7-10 working days for application processing;
4. Applicants are notified by mail upon completion of processing.
