Dear Families,

Enterprise Elementary School District will be offering its own afterschool and summer programs beginning this June.

Although the Y will no longer be offering its summer camp at Enterprise Elementary School District, we are pleased to continue our partnership and are offering our summer swim lessons as part of the school's summer program. Swimming remains a highlight of many youths' summer activities and our program will provide a fun and safe environment for your children.

We understand that this change might bring some adjustments for your family, and we are committed to supporting you through this transition.

If you have any questions or need more information, please reach out to the district at 530-224-4100.

We look forward to seeing your child soon!

Best regards,

Helen Meléndez-Vela
